

THE FREIGHT FERRY PEOPLE

ABOUT FREIGHTLINK

Freightlink® is a leading European freight ferry and tunnel ticket agent. We provide more than 1,000 routes in over 50 countries for couriers, hauliers, manufacturers and many other businesses (both large and small).

Using the latest technology developed in-house by our amazing digital team, we integrate directly with Europe's leading ferry and tunnel operators to save our customers time and money.

We even regularly organise travel for blockbuster Hollywood movies and touring recording artists!

BUT IT DIDN'T START OFF THIS WAY...

In fact, 19 years ago, we were just a 2-person team.

A lot has changed since then, and our team has grown significantly over the years.

The hard work and dedication of our large, multi-lingual team allowed us to cement ourselves as a leading freight ferry ticket agent, while becoming part of the Stena Line portfolio allowed us to grow even further.

REASONS TO USE FREIGHTLINK

Opening an account with Freightlink gives you a whole load of benefits and it costs nothing. Whether you are a regular ferry user or just going once a month, we are a one stop shop for finding the best ferry routes, competitive prices and incredible customer service.

What sets us apart and connects us as a team is our dedication to making the customer experience as smooth as possible. Everything we do is about promoting an amazing customer experience - whether that is on our website or when talking to our expert customer services team.

It took boatloads of hard work to get here, but the destination was worth the journey as we are now the first choice for European freight bookings.

AND WE HAVE NO INTENTION OF SLOWING DOWN

Our team continues to rock the boat by innovating and creating new solutions to help customers organise their freight ferry tickets.

Whether you are transporting normal, abnormal or hazardous cargo, Freightlink is the one-stop shop to find the perfect ferry routes, tunnel routes and logistics supply chain solutions.

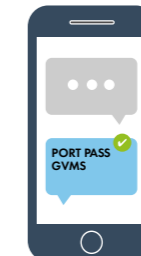

SPECIALIST SERVICES

Freightlink have dedicated, specialist teams for providing all of our customers' requirements. Whether that is arranging customs declarations and journey documentation, organising the movement of abnormal or heavy loads across the sea or providing tailored bookings for industry events, we can sort it.
