# How it works

## Register shipment pre-arrival

Submit the necessary registration details online

- Truck details: Vehicle registration number (front license plate)
- Driver details: Full name, date of birth and phone number
- Booking details: Booking number, vehicle (trailer) registration and nationality, goods type and weight and job reference

Upon arriving at the gate, the license plate of the truck will be scanned and the driver will have to prepare check in at the Smart Gate kiosk:

- Confirming pre-registered details
- Checking in

Errors in registration? Edits can be made via Smart Gate Kiosk prior to driver checking in.
